Profile Summary

UI Developer with 2+ years of professional experience in building scalable, responsive, and accessible web applications. Proficient in React.js, Redux, JavaScript (ES6+), and modern UI frameworks (Tailwind CSS, Bootstrap, Material UI) with a strong focus on user-centric design and performance optimization. Skilled in cross-functional collaboration with designers and product teams to deliver clean, maintainable, and scalable frontend architectures. Adept at integrating REST APIs, ensuring WCAG accessibility compliance, and leveraging tools like Git, Postman, and Figma to streamline development workflows. Passionate about enhancing user experiences through mobile-first, modern frontend ecosystems.

Technical Skills

- Frontend: React.js, Redux, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI
- Backend: Node.js (basic), REST APIs, Express.js
- Database: MongoDB (beginner), SQL (learning), Firebase (beginner)
- Tools: Git, GitHub, Postman, VS Code, Figma, Chrome DevTools, CI/CD (GitHub Actions)
- Testing & Performance: Jest, Cypress, Lighthouse, Web Vitals

Education

B.E. Computer Engineering — Mumbai University (2019)

HSC (12th) — MH Saboo Siddik College (2013) — 64.17%

SSC (10th) — S'T Theresa's High School (2011) — 78.55%

Experience

Web Developer — Technowave (Jul 2023 – Mar 2024)

- Developed and deployed cross-browser, mobile-first websites ensuring seamless user experiences.
- Optimized website performance and reduced load times by implementing best practices in

caching and asset optimization.
- Collaborated with designers and product managers to build accessible, reusable UI components following WCAG standards.
- Integrated REST APIs to deliver dynamic and data-driven features, enhancing user engagement.
- Contributed to Agile/Scrum development cycles, actively participating in sprint planning and code reviews.

Junior Web Developer — All Stars Digital (Feb 2022 – June 2023)

- Designed and developed responsive user interfaces using HTML, CSS, and JavaScript (ES6+).
- Customized and optimized WordPress and Shopify themes, improving conversions and client satisfaction.
- Implemented UX/UI improvements that increased website engagement and retention rates.
- Built scalable and reusable frontend components, ensuring maintainable project structure.
- Worked closely with cross-functional teams to align development with business objectives.

Projects & Portfolio

Personal Portfolio Website

- Designed and developed a modern, responsive portfolio using React.js, Tailwind CSS, and JavaScript (ES6+).
- Showcases professional projects with a clean UI and mobile-first design, improving personal branding and online visibility.
- Deployed on Vercel for fast performance and scalability.
Live Demo: https://personal-portfolio-seven-theta-29.vercel.app/

Expense Tracker App

- Built a React-based expense tracker featuring budget management, data visualization with charts, and dynamic category tracking.
- Implemented state management for seamless updates and a responsive UI for cross-device compatibility.
- Enhanced user experience with interactive dashboards and persistent data storage.
Live Demo: https://expense-tracker-ebon-ten.vercel.app/

Quiz Web Application

- Developed an interactive quiz app using HTML5, CSS3, and JavaScript with LocalStorage for login/signup authentication.
- Implemented dynamic question rendering, progress tracking, and leaderboard

functionality.
- Focused on engagement and reusability, making it scalable for multiple quiz categories.

Real Estate Projects

- Designed and maintained a responsive, user-friendly real estate website using HTML5, CSS3, jQuery, and Bootstrap.
- Improved site navigation, lead capture, and overall user engagement.
- Delivered a conversion-focused, mobile-first design that aligned with client goals.
